

To Honorable Ewing Werlein SR,

I feel I should bring to your attention you honor. There was a guy by name of Icum Casper. Who use to Dig through my ~~to~~ legal work when I was not in my cell and read it. I was told this by others. He help me create a Article which is a draft. It was not finished and needed much work. I was released without my approval to a local paper a few weeks ago. He had something to do with it because it was missing out of my paper work.

Me and guys kick him out of our cell block because we knew he was going to setup or frame one of us. we had feeling he was conspiring. The prosecutor has no grounds for a upward departure since I didn't commit a crime nor is there a crime in progress. I have illusions and if someone wants to record them my illusions than they need more help than I do. I like to talk to myself and answer myself. Joe Carley doesn't provide the help I need. I just thought you should be aware of this before sentencing.
